

Place Rodolphe Rousseau Student Design Competition – Presentations

On April 7, nine student teams will be presenting their design proposals for a temporary stage and shaded sitting area to animate the new public square in front of the Cote Vertu Metro station. The micro-presentations will give the students a chance to sell their proposals to the competition jury and share their work with a wider audience. Anyone interested is welcome to attend. Come to N331 at 2:30pm.

The winning team will receive an award of \$500 from the Borough of Saint-Laurent. The best ideas will inspire the final work to be built by students in June.

A special thanks to our invited jury members:
